## BOOK SYNOPSIS

In this collaborative memoir a mother and trans son reflect on the emotionally complex journey they shared as Donald transitioned from female to male. In *At the Broken Places*, a parent and transgender son recount wrestling with their differences as Donald Collins undertook medical-treatment options to better align his body with his gender identity. As a parent, Mary Collins didn't agree with her trans son's decision to physically alter his body, although she supported his right to realize himself as a person. Raw and uncensored, each explains her or his emotional mindset at the time: Mary felt she had lost a daughter; Donald activated his "authentic self." Both battled to assert their rights. A powerful memoir and resource, this book offers a road map for families in transition.
