BOOK SYNOPSIS

"DISCRETE - Book One: Childhoods End" is a historical gay romance set in the Old West near the end of the Cowboy Era. It starts when Josh, a history major at NYU, and Art, a computer consultant, met and began dating. Josh's great-great-grandfather Leo kept a log of his romance and adventures with a handsome cowboy named Sean in the early 1900s. Josh shares this story with Art - of how Leo and Sean built a life together as Sean taught Leo the cowboy arts and how to love. The book, while fiction, is historically correct in every way possible, based on actual stories of real people - some of the first pioneers and settlers in the intermountain West.
