## **BOOK SYNOPSIS**

Focusing on the Americas - home to 40 to 50 million Indigenous people - this book explores the history and current state of Indigenous language revitalization across this vast region. Complementary chapters on the USA and Canada, and Latin America and the Caribbean, offer a panoramic view while tracing nuanced trajectories of "top down" (official) and "bottom up" (grass roots) language planning and policy initiatives. Authored by leading Indigenous and non-Indigenous scholars, the book is organized around seven overarching themes: Policy and Politics; Processes of Language Shift and Revitalization; The Home-School-Community Interface; Local and Global Perspectives; Linguistic Human Rights; Revitalization Programs and Impacts; New Domains for Indigenous Languages Providing a comprehensive, hemisphere-wide scholarly and practical source, this singular collection simultaneously fills a gap in the language revitalization literature and contributes to Indigenous language revitalization efforts.
